Introduction to Hitachi Storage Architecture
TCI2626

Who Should Attend

- Architect
- Install and Support
- Administration

Level

- Associate

Required Knowledge and Skills

- Getting Started with Hitachi Vantara – 1064CC

Prerequisite Courses

- None

Supplemental Courses

- Working With Hitachi Ops Center – TXI3932
- Managing Hitachi Ops Center Administrator – TSI2929
- Hitachi On-Demand Learning Library Plus – 1062CC OR Hitachi On-Demand Learning Library – 1063CC
- Storage Concepts – CCI0110

Delivery Type

- Instructor-led Training (ILT)
- Virtual Instructor-led Training (vILT)

Course Length

- 2 days

Course Description

This course describes the architecture of Hitachi Virtual Storage Platform (VSP) models such as VSP 5000 series, VSP G/F1500, VSP E series, and the midrange models. The course also covers VSP storage with embedded NAS modules.

Lab activities include identifying components, mapping storage volumes, and connecting to the storage management tools such as Hitachi Ops Center Administrator.

Course Objectives

When you complete this course, you should be able to:
- List the models included in Hitachi Virtual Storage Platform (VSP) family and Hitachi NAS Platform family
- Identify the features and specifications of VSP models, including VSP 5000 series and E series
- Describe Hitachi Ops Center and its management tools
- Describe Hitachi Remote Ops monitoring system
- Explain the storage virtualization concept for Hitachi storage and external storage, including global-active device and nondisrutpive migration functionality

Course Outline

Content Modules

- Storage Overview
- Hitachi Storage Systems Family
- Storage Management Tools
- Disks, Volumes, and Provisioning
- External Storage, Global-Active Device, and Nondisruptive Migration
- Data Protection

Your roadmap to professional growth starts here!

Learning Activities — Labs

- Storage Architecture Overview
- Hitachi Virtual Storage Platform 5000 Series Systems Component Identification
- Hitachi Virtual Storage Platform Midrange Systems Component Identification
- Storage Management with Hitachi Ops Center Administrator

Digital Badge

You will receive the **Hitachi Storage Systems Architecture** digital badge once you complete this course.
