Introduction to Hitachi Storage Architecture
TCI2626

Who Should Attend

- Field Engineer
- Storage Administrator

Level

- Associate

Availability

- Customer
- Partner
- Employee

Required Knowledge and Skills

- Getting Started with Hitachi Vantara – 1064CC

Follow On Course(s)

- Working With Hitachi Ops Center – TXI3932
- Managing Hitachi Ops Center Administrator – TSI2929
- Hitachi On-Demand Learning Library Plus – 1062CC OR Hitachi On-Demand Learning Library – 1063CC
- Storage Concepts – CCI0110

Delivery Type

- Instructor-led Training (ILT)
- Virtual Instructor-led Training (vILT)

Course Length

- 2 days

Enhance management and support skills on object storage systems and cloud applications!

This foundational course describes the architecture of Hitachi Virtual Storage Platform (VSP) models such as VSP 5000 series, VSP G/F1500, VSP E series, and other midrange models. The course also covers VSP storage with embedded NAS modules.

In addition, you will have the opportunity to practice with hands-on lab activities designed to build the skills necessary to identify components and connect to storage management tools such as Hitachi Ops Center Administrator.

Learning Path: Hitachi Ops Center

Digital Badge

At the successful completion of this course, you will receive the **Hitachi Storage Systems Architecture** digital badge.

Course Objectives

When you complete this course, you should be able to:
- List the models included in Hitachi Virtual Storage Platform (VSP) family and Hitachi NAS Platform family
- Identify the features and specifications of VSP models, including VSP 5000 series and E series
- Describe Hitachi Ops Center and its management tools
- Describe Hitachi Remote Ops monitoring system
- Explain the storage virtualization concept for Hitachi storage and external storage, including global-active device and nondisruptive migration functionality

Course Outline

Content Modules

- Storage Overview
- Hitachi Storage Systems Family
- Storage Management Tools
- Disks, Volumes, and Provisioning
- External Storage, Global-Active Device, and Nondisruptive Migration
- Data Protection

Your roadmap to professional growth starts here!
